

Augustinus Joseph

Resume Summary

I'm an analytical and detail-oriented data scientist with a passion for extracting insights from data. Proficient in data collection, data cleaning, data analysis, data visualization, machine learning, and various statistical techniques, I work in Python, R, SQL, and spreadsheets to perform advanced data manipulations. Committed to continuous learning, I eagerly embrace new technologies and techniques to advance my data science expertise. Throughout my career, I've consistently identified trends and patterns, leading to great results with the projects I work on. I'm eager to apply my analytical skills to power data-centric strategies for a dynamic and innovative organization.
